Dear Mr Littlefair

Thank you for your recent correspondence regarding potential discrimination against you by the federal authorities.

As the matters you raise fall within the portfolio of the Minister for Justice, I have written to the Hon. Michael Keenan MP and included a copy of your correspondence for his information. I will forward the minister's response to you once I have received it.

Thank you for bringing this matter to my attention. Should you require any further assistance please do not hesitate to get in touch.

Yours sincerely
